Speculative application (m/f/d)

The Climate Alliance

For over 30 years, Climate Alliance member municipalities have been acting in partnership with indigenous rainforest peoples for the benefit of the global climate. With nearly 2,000 members spread across more than 25 European countries, Climate Alliance is Europe's largest city network dedicated to comprehensive and equitable climate action. Recognising the impact our lifestyles can have on the world's most vulnerable people and places, Climate Alliance pairs local action with global responsibility.

For our locations in Frankfurt am Main (DE) and in Brussels (BE), we are always looking for people (m/f/d) interested in climate and environment with experience in municipal climate action and interest in working in a committed, international team.

What do we offer?

- The opportunity to work on one of the most pressing challenges of our time
- A wide variety of tasks in EU projects
- Flat hierarchies, quick decision-making, and many opportunities to get involved
- Flexible working conditions within core working hours and 30 days of holiday per year

Please send your application including a cover letter, CV and a list of references as a PDF (maximum 5 MB), stating the earliest possible starting date and your salary expectations to career@climatealliance.org.

We look forward to your application!
