Gălești – climate friendly municipality

A municipality with 3000 inhabitants situated in the Central Transylvania region, in the Niraj microregion.
A SUCCESSFUL PARTNERSHIP BETWEEN THE MUNICIPALITY OF GALESTI AND THE ORGANIZATION FOCUS ECO CENTER

A partnership for more than 25 years which focus to the:
- Sustainable rural development
- Water management
- Landscape protection and good practices in agriculture
- Energy
- Information and education

#CAIC19
GALESTI AREA IS A GOOD EXAMPLE WHICH IS UNDER THREAT

- Good example for sustainable small scale agriculture
- High biodiversity
- Cohabitation between nature and humans
- It is under treat of industrial agriculture and urbanization
- It is possible to find a compromise?

#CAIC19
Problems with water due to the climate change and bad water regulation
