Cities Partnerships

Thomas Brose
Partnerships between cities

Over 6,500 city partnerships in Germany
Boom especially after the 2WW as an instrument for securing peace
Many reasons:
From cultural exchange to „An underestimated instrument of municipal foreign policy “
Formalized partnership vs. exchange
Increased need for cooperation between Cities

Paris Agreement:
1- Recognizing the importance of the engagements of all levels of government;
2 - Affirming the importance of education, training, public awareness, public participation, public access to information and cooperation at all levels … addressing climate change,

Within the framework of the SDGs (sustainable development goals) Cities and municipalities were explicitly called upon to participate in global problem solving in 2016
“It is possible to implement ambitious climate action and comply with the Paris Agreement and the 2030 Agenda for Sustainable Development. Climate-proof and sustainable cities are key to achieving this. Their potential must be unlocked through collaboration between all levels of government.”
Existing formats for exchange

- Tandem
- Climate partnerships programme from SKEW
