# Alternative approaches to Amazon rainforest-based carbon offsets

Monday, 4 December, 15.00 – 16.30  
COP28, Blue Zone, SE Room 4

Taking local climate action and global responsibility means that we must continue to prevent the large-scale destruction of rainforests in the future. Our most important allies: Indigenous Peoples in Amazonia. We must strengthen their rights and protect their territories, and thus the rainforests.

## SPEAKERS:

- **Sônia Guajajara**, Minister for Indigenous Peoples, Brazil, tbc
- **Marivelton Baré**, President of FOIRN (Federação das Organizações Indígenas do Rio Negro), Brazil
- **Miguel Guimaraes Vasquez**, Vice president of AIDSESEP, Peru
- **Andreas Wolter**, Mayor of the City of Cologne and president of Climate Alliance
- **Silke Lunnebach**, Climate Alliance
- **Representative of GTANW** (Autonomous Territorial Government of the Wampís Nation), online
- **Arlen Ribeira Calderón**, President of FECONAFROPU, Peru

**Moderation:** Thomas Brose, Climate Alliance

Translation EN | ES will be provided.

## Contact

**Silke Lunnebach**  
Project Coordinator, Climate Alliance
